Future Outlook

„Die Arbeitslosigkeit ist die größte Wunde der Gesellschaft. Wie viel Hoffnungen, wie viel Lebensmut werden hier zerstört! Wie viel guter Wille, wie viel Leistungsbereitschaft bleiben hier ungenutzt! Wie groß und wie weitverbreitet ist das Gefühl, nicht gebraucht zu werden, ja wertlos zu sein! Keine Aussicht auf Arbeit und Beschäftigung zu haben: Das kann jedes Vertrauen in die Zukunft zerstören – in die eigene und in die der Gesellschaft“

(Zitat aus der Berliner Rede von Alt-Bundespräsident Johannes Rau im Schloss Bellevue in Berlin am 12. Mai 2004)

Future Outlook

“Unemployment is the deepest wound of society. How many hopes, how much confidence it destroys! How many good intentions, how much commitment remain unutilized! How strong and how widespread is the feeling not to be needed, to be useless, even! Not to have any prospect of work and employment can destroy anyone’s confidence in the future – their own and that of society.”

(From an address by former Federal President Johannes Rau in Bellevue Palace, Berlin, on 12th May 2004)
